

BENJAMIN FULLER

FRONT-END WEBSITE DEVELOPER

<https://www.linkedin.com/in/benfuller124> | Cell: (385) 310-7757 | Email: benjaminirafuller@gmail.com

PROFESSIONAL SUMMARY

Front-End Website Developer with over four years of experience building and optimizing 400+ websites using HTML5, CSS3, JavaScript, ReactJS, and the LAMP stack. Skilled in delivering scalable, high-performance solutions with a focus on SEO, user experience, and cross-browser compatibility, working independently to scope and manage full project lifecycles. Adept at Agile workflows, mentoring junior developers, and driving continuous improvement through clean code, innovative features, and strong organizational skills. Proven customer-facing experience with interactive solutions, excellent communication, and expertise in content management systems, user interface design, and developing websites.

SKILLS

Responsive Design	Secure coding practices	Google Analytics	
UI/UX Principles	SOAP	Lighthouse	

WORK EXPERIENCE

WEB DEVELOPER
XOLogic

10/2021 – 09/2025

- Developed and ensured cross-browser compatibility across 400+ websites using the LAMP stack (Linux, Apache, MySQL, PHP) alongside HTML5, CSS3, jQuery, JavaScript from scratch.
- Collaborated with developers to implement features, fix bugs and maintain client sites using JIRA and AGILE methodologies and committed code daily to Bitbucket repositories with Git Version Control
- Optimized 20 websites for speed with lighthouse, added SEO, converting low website scores from 63 to 99 on both desktop and mobile to make them discoverable on Google with Google analytics tools.
- Designed and developed a customer-facing email application with HTML5, CSS3, KendoUI, Twig, and jQuery, enabling clients to manipulate store emails with CRUD, showcasing visual design and communication skills.
- Worked independently to scope technical requirements, ensuring successful delivery across full project lifecycles with strong organizational skills.

WORK EXPERIENCE CONTINUED

WORDPRESS DEVELOPER

06/2021 – 10/2021

Bright Bridge Web

- Designed, developed, and maintained 4 client WordPress themes using PHP, HTML5, CSS3, Elementor, and DIVI.
- Implemented customer-facing interactive forms via Advanced Custom Fields (ACF) to boost engagement, demonstrating visual design and communication skills while meeting project requirements
- Applied user interface design principles using UI/UX and tools like Figma and Elementor.

KNOWLEDGE BASE INTERN

01/2020 – 08/2020

BYU-PathwayWorldwide

- Developed & launched chatbot with HTML, CSS, and JavaScript which serves over 40,000+ global students per day.
- Maintained and increased chatbot efficiency by developing keywords for clients to search with and gain answers to questions.
- Independently redesigned BYU-Pathway's knowledge base system with HTML and CSS for efficient navigation, reducing support wait times from 45 to 10 minutes with strong organizational skills.

TEACHING ASSISTANT: HTML and CSS

09/2017 – 08/2020

BYU-Idaho

- Mentored students with excellent communication skills, teaching correct HTML, CSS, and JavaScript principles to improve their websites and enhance visual design understanding.
- Taught more than 150 students per semester by increasing their understanding of best web practices.
